THE PEOPLE MAKE THE PLACE

HEAR WHAT OUR COMMUNITY MEMBERS HAVE TO SAY!

"As President of the Resident's Association, I have had the pleasure of working with many people from our **16 different activity committees**. The cooperation and camaraderie of friends working on shared goals has made living at Coburg a most rewarding experience. **There is something for everyone.** I am grateful for the **relaxing lifestyle** I can enjoy here without house maintenance, cooking or cleaning. I would strongly urge folks to come as soon as possible to enjoy not only residents'-sponsored activities but the many fine programs and events scheduled by the activities team. Come for food! Come for fun! Come for new friends! Come NOW! **Let true retirement begin!!**"
-Jean W.

"My wife passed away a short time before I moved into Coburg Village and **I can't say enough about how the large void left by her passing was largely reduced by the number and quality of the activities offered here.** These include exercise classes, a swimming pool, Bocce court, putting green, Happy Hours, movies shown on a large screen, and we have a card room. Many outside activities such as plays and concerts are scheduled for our enjoyment. There are many other activities which are not listed here – You can take my word for it!"
-Warren R.

"**Selling our home and moving to Coburg Village was the best and smartest thing we've ever done.** We no longer have the responsibilities of home ownership. Our children are very happy that we have cleaned

out our home as they will not need to do it themselves at a future time. **There are many advantages to living at Coburg and so many activities and entertainments to choose from.** Transportation is available if we need it. We have never passed a fellow resident here without receiving a friendly greeting. Best of all, we don't have to cook or clean. We go to the dining room every night with a five course dinner with many choices. **We are very happy and content living at Coburg Village and I would wholeheartedly recommend it to anyone.**"
-Joe & Carole D.

"Coburg Village is like home to me. I never feel alone. I have met so many nice people and all of the staff is very nice also. I really like my apartment and dinner is a nice service. My daughter felt I needed company after all the grandchildren went off to college. So here I am and she is glad I made this move. **Thanks again and again."**

"What we like most about Coburg Village is our cottage that borders on the woods. Every morning as we sip our coffee, we have the pleasure of looking into the woods for a glimpse of the abundant wildlife. Our back yard provides the joy of watching a wide variety of birds, especially our favorite hummingbirds, as they visit our feeder. Our lives have changed a great deal since coming to Coburg Village. We find the stress of maintaining a big, old house has been removed. All maintenance is provided here, down to replacing a light bulb and we appreciate the great housekeeping department. **We were very scared when we decided to sell our home after 43 years and move to Coburg**

Village. However, we both feel it was one of the best decisions thus far in our lives."

-Walter and Edith M.

"Coburg Village residents welcome new people with open arms. I came here not knowing anyone and was soon making friends and being involved in many activities. **If you are looking for companionship and making new friends, this is a great place to be."**

-Mary M.

"The 3 1/2 years we have lived here have been a joy. **The residents are friendly, caring, and supportive. The staff responds to any needs we may have quickly, efficiently, and with a positive attitude. Many of the concerns we had as homeowners have been eliminated and life is easy.** The community itself is kept in immaculate condition. There are so many activities; it is hard to choose among them. **Moving here has been one of the best decisions we made and we invite you to join us."**

-Arlene and Harvey M.

"We occupy a cottage at Coburg Village and have been in residence for 2 1/2 years. **We are extremely**

satisfied with our situation and the whole environment. Grace is extremely happy to be relieved of the responsibility of organizing and cooking meals. **We use the three dining venues at Coburg Village and are very satisfied with the food selections, the quality, and the associated service.** We enjoy and appreciate the security associated with a monitored campus as well as the high quality of the facilities and the maintenance facilities. We are able to use the swimming pool, well-equipped fitness center, a well-organized library and the greenhouse to hold our fragile plants during the winter months. We especially appreciate the forms of evening entertainments provided as well as the organized outings and available transportation vehicles there for our medical and related appointments. **We enjoy the company of our fellow villagers, their diversity, their friendliness, and their consideration for each other.** Financially, we like the monthly rental feature; this fits our budgeting requirements admirably. In summary, **we are living on cloud 9 and looking forward to many long years here,** if that is the destiny granted to us."

-Grace J. and Walter G.
